Introduction

Nova Classical Academy delivers classical education in a small K-12 public charter school that is ideally suited for personalizing learning and building developmental relationships. Nova Classical Academy is Minnesota’s leader in classical education. We empower students to be intellectually curious, to identify their personal strengths — and gain the knowledge, understanding and wisdom to make their world a better place. Classical education is a rigorous and formal method that teaches thought and expression of the mind and heart.

Nova Classical Academy ranks as #1 Best School District in Ramsey County (Niche).

Nova Classical’s Lower School ranks as #4 of 101 in Best Charter Elementary Schools in Minnesota (Niche), #23 of 879 in the Best Public Elementary Schools in Minnesota (Niche), #4 of 792 in Best Public School Elementary Teachers in Minnesota (Niche), #4 in Minnesota Charter Elementary Schools, #27 in Minnesota Elementary Schools (U.S. News and World Report), and #35 of 843 in Minnesota Elementary Schools (SchoolDigger).

Nova Classical’s Upper School ranks as #1 of 478 in Minnesota High Schools (SchoolDigger), #1 of 382 Best Public Middle Schools in Minnesota (Niche), #1 of 90 Best Charter Middle Schools in Minnesota (Niche), #1 of 63 Best Charter High Schools in Minnesota (Niche), #1 in Minnesota Middle Schools (U.S. News and World Report), #1 in Minnesota Charter Middle Schools (U.S. News and World Report), #2 in Minnesota High Schools (U.S. News and World Report), #2 in Minneapolis, MN Metro Area High Schools (U.S. News and World Report), #37 in Charter High Schools (U.S. News and World Report), and #152 in National Rankings (U.S. News and World Report). Nova Classical’s Upper School academic programming includes additional Advanced Placement (AP) and College in the Schools (CIS) courses.

Accolades

Mission Statement

In a supportive community and through a systematic, accelerated college-preparatory education in the classical tradition, Nova Classical Academy challenges its students to develop intellect, to attain the habits of learning and mastery, and to live a virtuous life of duty and ideals.

Educational Philosophy

Classical education rests on the concept of the Trivium — grammar, logic, and rhetoric — not as subjects, although these subjects are studied, but as the structure of every subject and discipline.

- Grammar is the foundation of a subject—the collection of its parts and the mechanics of how they work.
- Logic is the organization of these parts into a whole and an understanding of the relationships among the parts.
- Rhetoric is the ability to apply the foundational knowledge and logical understanding of a subject purposefully and creatively to solve a problem, express an opinion with clarity or create something new.

As they learn how to gain knowledge, Nova Classical Academy students gain exemplary study habits and time management skills that translate to self-discipline and accountability in academics and life. Nova Classical Academy students learn five virtues: justice, temperance, fortitude, wisdom, and prudence. The classical search for Truth, Beauty, and Goodness and participation in the Great Conversation requires virtues, as well as the desire to serve and help humanity. Classical education develops confident, compassionate and articulate graduates who are poised to engage as thoughtful global citizens.

History

Nova Classical opened in Saint Paul in the fall of 2003 with grades K-6 and has added grades yearly toward the goal of providing a complete K-12 education, beginning with the first ninth-grade class in the autumn of 2009. Nova Classical's first class of seniors graduated in the spring of 2013. In 2012, after renting spaces for nine years, Nova Classical united the lower and upper schools in a new building in Victoria Park which houses a full K-12 program. Nova Classical was the first public school in Minnesota to engage a classical education structure where students learn to think and reason from a solid foundation of knowledge and skills, and where parents, staff, and students all share a unity of purpose.

Nova Classical believes that an effective education must be systematic, comprehensive, and must have continuity from year to year. It is Nova Classical's job to equip each student with everything needed — knowledge, skills, and growth mindset — to become life-long learners.

Governance & Management

Nova Classical Academy has a parent-majority board. It consists of five parents, three teachers, and one community member. The election in May 2023 resulted in the election of Jeremy Hubbell (teacher), Todd Sample (parent), Bavi Weston (parent), and Nneka Constantino (community member) for three-year terms beginning on July 1, 2023. In an effort to better balance the number of seats up for election each year, Theresa Nelson (parent) was elected to a one-year term also beginning on July 1, 2023.

The board met in-person at Nova Classical, but continued to utilize Zoom throughout the 2022-2023 school year. In addition to some directors attending via Zoom at times, we regularly had about 5-10 members of the public (employees, parents, and advisors) attend each meeting via Zoom as well.

Equitable Access to Excellent and Diverse Educators

Nova Classical's goal is to attract the best-qualified candidates from the widest and most diverse candidate pool for all job openings in the district. As our teacher population demographics do not represent our student population demographics, Nova Classical Academy created a specific goal in our 2023-2028 Strategic Plan: Recruit, develop, and retain a diverse highly skilled staff who exemplify the virtues of Nova Classical.

Finances

Nova Classical Academy has long-term financial stability. Nova Classical contracts with Dieci School Finance for services related to its accounting, payroll, generation of financial statements, and compliance reporting. Nova Classical also contracts with CliftonLarsonAllen, LLP, for performance of its annual independent financial audit. The audit of FY23 is currently underway and the school expects to receive a clean audit with no material findings.

Nova Classical Academy's Budget & Finance Committee and administration completes an extensive budget development process for recommendation and discussion with the board. Each month the finance committee reviews any variances between actual and budget along with alignment to the financial goals. The committee reports this review/discussion to the board monthly.

Nova Classical Academy ended FY23 with an unaudited fund balance of 51.3%. Nova Classical anticipates that it will meet the goal of maintaining a fund balance of at least 25% for years to come.

Academic Performance

Nova Classical Academy administers the Minnesota Comprehensive Assessments (MCAs) to all students in grades 3-11 to measure math, reading, and science proficiency relative to Minnesota State Academic Standards over time. Nova Classical also administers the Minnesota Test of Academic Skills (MTAS) to qualifying students. Beginning in the fall of 2021, Nova Classical moved to the nationally-normed FastBridge aMath and aReading assessments in order to measure K-12 Math and Reading growth.

98.1% of eligible Nova Classical Academy students (grades 3-11) participated in the state assessments (MCAs and MTAS) in April 2023. Three FastBridge nationally-normed Math and Reading assessments were administered in 2022-2023.

2022-2023 World's Best Workforce Report

All Students Ready for School

Goal

By June 1st of FY2023, 90% of all Nova Classical's kindergarten students enrolled since the first day of school will be able to, based on school records:

- Generate all sounds of the first 26 phonograms (letters a-z),
- Count to 32, and
- Identify all 26 upper and lower case letters

Result: Goal Met

78 out of 80 students made all three goals, equaling 97.5%

All Students in Third Grade Can Read at Grade Level

Goal

At the conclusion of FY2023, Nova Classical's third-grade reading proficiency rate will be no fewer than 22 points higher than the state average in reading.

Result: Goal Not Met

Nova Classical's goal for the third grade reading proficiency rate was 15.2% higher than the state average in reading, as measured by the MCAs.

Legal Issues

Currently, Nova Classical has no legal issues outstanding.

Innovative Practices & Future Plans

Charter schools were created to develop innovative educational practices, stabilize them, and pass those learnings on to mainstream schools for improvement. Nova Classical continues in this tradition by building competence in our classical mission. In 2022-2023 this mission was advanced in several ways:

- Nova Classical implemented a "Retain the Best" program during the 2021-2022 school year which continued during the 2022-2023 school year. The program provided staff with retention bonuses, additional professional development opportunities, additional opportunities for connections with colleagues, financial reward for participating in wellness activities, and other enhancements to school culture.
- Faculty and Administration supported and promoted the implementation of Data-Driven Instruction in both the Lower and Upper Schools.
- Classical Pedagogy Leads provided training for all faculty during professional in-services throughout the year.

The Nova Classical Academy Board's goals for the 2022-23 school year included the development of a comprehensive five-year strategic plan, the establishment of a robust executive director review process, the subsequent utilization of this process to evaluate the executive director this year, the creation and execution of strategies to both recruit and sustain active membership within Nova Classical's Board and Committees, the unwavering commitment to upholding Nova's financial stability, and continually enhancing the quality of educational opportunities provided to Nova Classical students.

School Demographics

As of October 1, 2022, Kindergarten through grade twelve had an enrollment of 1030 students, with the following demographics:

Strategic Plan 2023-2028

A Strategic Plan is a deliberate effort to establish a holistic guide for a school to focus its attention and resources for the future. Nova Classical Academy's Board of Directors adopted a new strategic plan in January of 2023.

The strategic planning process began in October 2022 with community listening sessions and surveys that provided invaluable insight into how to strengthen our classical model, support our students, and prioritize focus through the next five years. In total, over 600 individuals provided feedback and input into the process. Following the listening sessions and surveys, a 35-person Strategic Planning Committee — consisting of parents, students, teachers, board members, and community stakeholders — convened for three planning meetings to set goals and objectives for the future.

The strategic plan consists of five focus areas:

- Classical Education
- Academic and Student Support
- Inclusive Community
- Facilities
- Support Staff

Each of the five focus areas is accompanied by specific goals and objectives, which are detailed in Appendix I.

The board assigned Nova Classical's Executive Director the responsibility of developing a Strategic Action Plan that outlines the approach for achieving these goals and objectives. In the spring of 2023, the board was presented with a Strategic Action Plan consisting of 74 specific strategies that will be implemented over the next five years to ensure the attainment of these goals and objectives. The Strategic Action Plan also includes a timeline, identifies the responsible party, and specifies the associated deliverables for each strategy. Work has commenced on the implementation of the Strategic Action Plan.

Academic Excellence for FY22 – FY26

We will set high academic standards and cultivate ongoing growth in all students.

- At the conclusion of each school year, Nova Classical's third grade reading proficiency rate as measured by the MCAs will be no less than 22 points higher than the state average in reading.
- Each year, Nova Classical Academy will demonstrate higher school-wide proficiency rates than each of the St. Paul and Edina school districts for each reading, math, and science.
- At the conclusion of FY2026, the average number of progress points generated by all students based on changes in their achievement levels, for the three highest of the immediately preceding four years, will average no less than 2.75 combined reading and math, as published by the Minnesota Department of Education NorthStar system.
- At the conclusion of FY2026, the average number of progress points generated by Nova Classical students based on changes in their achievement levels, for the three highest of the immediately preceding four years will average no less than:
 - Black/African American: 2.85 for each reading and math
 - FRP: 2.20, math; 2.55, reading
- For FY2026, for 1st grade students who remain in the School through 5th grade:
 - If their 1st grade national percentile ranking was less or equal to 19%, 50% of the students will increase their national percentile ranking by a minimum of ten percentage points by 5th grade, and
 - If their 1st grade national percentile ranking was between 20-30%, 50% of the students will increase their national percentile ranking by a minimum of five percentage points by 5th grade, and
 - If their 1st grade national percentile ranking was over 30% and less than 85%, 50% of the students will increase their national percentile ranking by 5th grade.
- Each year FY2023 through FY2026, a minimum of 90% of 12th grade students will have taken the ACT, and a minimum of 50% of those students will exceed the state average composite by at least 5 percentage points.
- Each year FY2023 through FY2026, a minimum of 50% of 12th graders who have taken the ACT will meet English, Math, Reading, and Science College-Readiness Benchmarks.
- Each year FY2023 through FY2026, a minimum of 91% of 12th grade students will graduate on time.

Annual Report Review and Approval Process

Nova Classical's Board of Directors review the Annual Report and World's Best Workforce Report. The Board reviewed and approved the FY23 reports at their regularly scheduled meeting on 11.27.2023.

At their 10.11.2023 meeting, the Board's Academic Excellence subcommittee reviewed, and revised where appropriate, student achievement goals, local assessment outcomes, plans, strategies, and practices for improving curriculum and instruction and cultural competency, and efforts to equitably distribute diverse, effective, experienced, and in-field teachers, and to review district success in realizing the previously adopted student achievement goals and related benchmarks and the improvement plans leading to the 2023 World's Best Workforce report.
