

Board Q & As

Questions/Comments are from the August 15, 2005 Board Meeting

Q1. Please list the annual salaries, or hourly wages, of the Nova Directors past and present: Dick Nunneley, Bob Kreischer, and John Greving. In addition, please list the name of the organization that Nova has contracted for accounting purposes, and the amount of the agreed upon contract with the organization: organization name and contract amount.

A1. The Nova Board of Directors has been very careful and intentional about respecting and even protecting the privacy of our staff, faculty and administration with regards to compensation and benefits. Therefore, we feel it would be inappropriate and inconsiderate to publish this information among the Nova community. Having said that, the compensation and benefits of the Nova School Director is public information to the extent it was discussed at a Board meeting and is reflected in the meeting minutes, or is

included in a public report that the school has made. Parents and others are welcome to review minutes of Board meetings by coming to the school office and reviewing the minute book there. Please contact Jeannie at 651-227-8622 if you would like to do this. School Director compensation information is also in Nova's informational tax return that is filed with the IRS each year. Nova's tax returns are available free of charge at www.guidestar.org. The information is also in Nova's charitable organization annual report which is filed each year with the Attorney General's office and which is available at www.ag.state.mn.us.

Information regarding Nova Classical Academy's selected accounting organization and its contract with the organization are also available in meeting minutes. Again, parents and others are welcome to review minutes of Board meetings by coming to the school office and reviewing the minute book there.
