

## **POST-SECONDARY ENROLLMENT OPTION INFORMATION**

High school students with demonstrated achievement, advanced academic skills and the maturity to succeed in a college environment, may be admitted to a college or university through the PSEO program.

PSEO allows students to earn college credits that are also counted as high school credit toward the completion of a diploma. To participate in PSEO, students must complete the official Minnesota Notice of Student Registration PSEO form (the “three-part form”) and apply directly to the college programs in which they are interested. Admission requirements vary from college to college.

Students participating in the PSEO program are responsible for choosing courses that will meet all the requirements for NCA graduation. Please note that if you do not bring this form in to the school two weeks prior the first day of school, you could incur unexcused absences and loss of space in our courses or college courses. In order to participate in the graduation ceremony, students must meet all graduation requirements before graduation.

Students must work closely with their counselors to make a graduation plan and consult with their counselors before altering their course choices. Colleges do not communicate information on registration and course completion to high schools. Students should provide copies of their college course registrations to the NCA Counseling Office prior to the beginning of each semester. Students are also responsible for making sure the Counseling Office receives official notice of courses completed and grades.

Students should contact their counselors if they have any questions about the suitability of their course selections to meet this or any other of the NCA graduation requirements. All PSEO students must still complete the thesis and volunteer hour requirements (currently on hold).

In order to facilitate participation in PSEO, students must meet with their counselor and complete a PSEO Enrollment Contract. This will outline what NCA graduation requirements must be completed and how PSEO coursework will be used to meet those requirements. This contract will be kept on file in the Counseling Office along with a copy of the official Minnesota “NoSR/Three Part Form.”

# POST-SECONDARY ENROLLMENT OPTION Agreement Form

I have read the PSEO information and understand the Nova Classical Academy policies regarding PSEO enrollment.

I understand that it is my responsibility to monitor my progress toward meeting Nova's graduation requirements and responsibilities and that failing to do so may result in postponement of graduation.

As of the date of the completion of this contract, my progress toward meeting NOVA's graduation requirements is:
